O R D E R:

Government in G.O.Ms.No.279, MA&UD (B2) Department, dated.31.12.2015 have issued Operational Guidelines for micro planning, work rationalization and outsourcing of work packages for maintenance of sanitation and solid waste management activities. In the said orders, it was stipulated that web, mobile and GPS enabled tools shall be developed for regularly monitoring the service delivery arrangement. The guidelines also contained a set of service delivery key performance indicators (KPIs) for which the service level benchmarks and relative weightages for levying penalties for service failures were specified. The Operational Guidelines further stipulated that based on the assessment of the service levels, work package wise monthly performance score cards shall be prepared, which would in turn become an authorization for making monthly payments to the solid waste management service contractors in ULBs.

2. Accordingly in the reference read above, the Director, APMDP has proposed for approval of RFP prepared for Package-II and constitution of Technical Evaluation Committee for Deploying IoT and Electronic Devices for field monitoring of Solid Waste Management Service Contractors under Real time Monitoring System for Sanitation and Solid Waste Management Activities in ULBs. While explaining the above, requested to issue necessary orders.

3. Government after careful examination, keeping in view of the guidelines issued in G.O.Ms.No.279, for effective maintenance of sanitation and solid waste Management activities in ULBs, hereby approved the proposal of the Director, APMDP for selection of solution vendor, duly directing the Project Director, APMDP to call for tenders through e-procurement platform, by adopting the basic principles of procurement like transparency, equitable opportunity and rational evaluation of bids.
